Norbert G. Huston

Realtor/Broker

Not just in my professional career as a Realtor, even in my personal life—I'm an eternal optimist! Every morning I wake up loving what I do, expecting the opportunities available in residential property management & sales. Since 1963, Huston Associates Real Estate remains a small, independent non-franchised real estate business leader in San Joaquin County. We continue to specialize in the management of small residential properties, along with representing buyers & sellers with their real estate needs. I continue to actively serve as the Past President of the San Joaquin County Rental Property Association, along with my appointment on the Stockton Council of the Central Valley Association of Realtors. As President of the Board of Directors at the San Joaquin County Fair Housing office, I'm a strong activist for all fair housing groups...be it owners of rental property, or residents in rental property. I'm proud to say I'm one of the most socially liberal real estate brokers in San Joaquin County!

I invite you to review our comprehensive resources that Huston Associates Real Estate has to offer you on my website at www.SanJoaquinHomes.info. It contains my entire inventory of homes for rent (including a

feature that will notify you when I post a brand-new listing on the site), a full description of management services offered along with a management contract for your review, foreclosure homes, email reports on buying & selling your home, along with your chance to win \$1000!

Thank you for sharing this brief moment with me.
